## FEDERAÇÃO PORTUGUESA DE RÁDIO MODELISMO AUTOMÓVEL

Motors shown on this list are "Known to Comply" with EFRA 2013 Rules for Brushless 'Spec.' 10.5T Motors.

This list is for reference only and should not be considered to be comprehensive. Products from other manufacturers may also comply with EFRA rules. Before using a motor not on this list, please bear in mind it is the competitors responsibility to ensure that any motor used complies with EFRA rules. It may be necessary to dismantle any unknown motor to check its legality, which is known to be a destructive process for most Brushless motors. Samples may be submitted for checking by EFRA officials before the event. If found to comply with the rules then they will be added to this list.

**Note:** These motors differ from Brushless 'Modified' motors.
